## Essentials of On-Demand Writing

Writing is an important skill for students to achieve success in school and in life. This session helps teachers know the characteristics of each mode of writing in the standards and implement writing for the classroom. Participants will also develop an understanding of how to prepare students for Kentucky's On-Demand assessment.

## Growth Mindset: A Game Changer for Learning

Based on the Growth Mindset belief that intelligence can be developed with persistence, effort, and focus on improvement, this session will provide an understanding of how a growth mindset focus helps all students perform and how productive struggle actually helps the brain. Walk away with strategies to use in the classroom and practical ways to get buy-in from students, parents, and staff.
